# FORTUNE-BOOSTING CHARMS FOR OCTOBER 2026

## OCTOBER ENERGY

October may feel like a bridge between the past and the next chapter. You don't have to force every answer this month. Some things are meant to be started, some reconsidered, and some finally left behind.

Remember: Not every return is a reunion, not every delay is a denial, and not every new beginning needs to happen immediately. October is about knowing what deserves your energy before you give it.
